MARBLE COLLECTION

The HPL difference.

DESIGN

Inspired by nature, Wilsonart® HPL presents unique and versatile designs that can transform a home with style and beauty. HPL is available in a wide variety of designs, colors, and finishes, offering homeowners the creative flexibility to craft a personal, lasting style.

CONSISTENCY

Engineered surfaces offer precision and consistency, regardless of a project's design or complexity. You'll know precisely the surface you're receiving, time and again. Wilsonart® HPL provides an extensive range of options that work in concert, creating a look that is predictably beautiful and consistent with your home's aesthetic.

SIMPLICITY

Creating your dream home with Wilsonart is simple. Our surfaces are easy to order. Effortless to install. And, since Wilsonart® HPL has short lead times and low-to-no minimums, delivery is always on time and on budget. We strive to keep your project moving in one direction: forward.

BETTER THAN MARBLE

Marble is one of the most delicate materials that can be found in the home. Luckily, marble HPL outperforms traditional marble in cleanability, stain resistance, scratch resistance, scuff resistance, and impact, making it the ideal surface for durability and aesthetic. And unlike its fragile, porous competitor, marble HPL is sustainable, requires minimal care, and is easy to wipe clean and disinfect.

STAIN AND SCRATCH

Live and move in your space without worry. In addition to its high price point, traditional marble is porous and soft — even a slight nudge from a belt buckle can damage it. Marble HPL eliminates these common threats with built in stain and scratch resistance that provides peace of mind and lasting beauty. And when life's usual mishaps do occur, marble HPL is simple to clean and disinfect. It's consistently durable, easy to maintain, and always prepared for the unpredictable.

PERFORMANCE

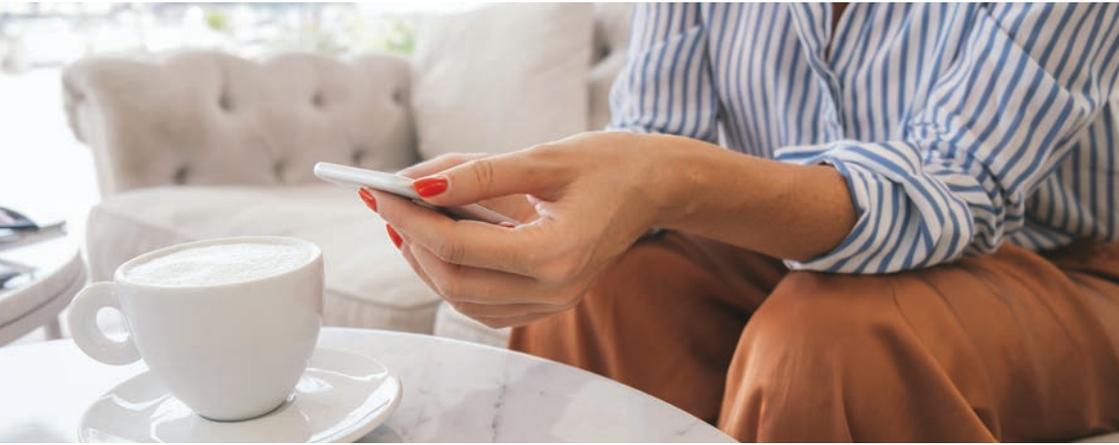

Wilsonart® Engineered Surfaces are durably crafted for the unpredictability of everyday life. Plus, Wilsonart® HD® and Premium HPL feature AEON™ Enhanced Scratch & Scuff-Resistant Performance Technology, outperforming competitive HPL by a factor of up to 3-5x the industry standard for increased wear resistance and improved scratch, scuff, and mar performance. We take pride in building surfaces that look newer and maintain performance, long after installation.

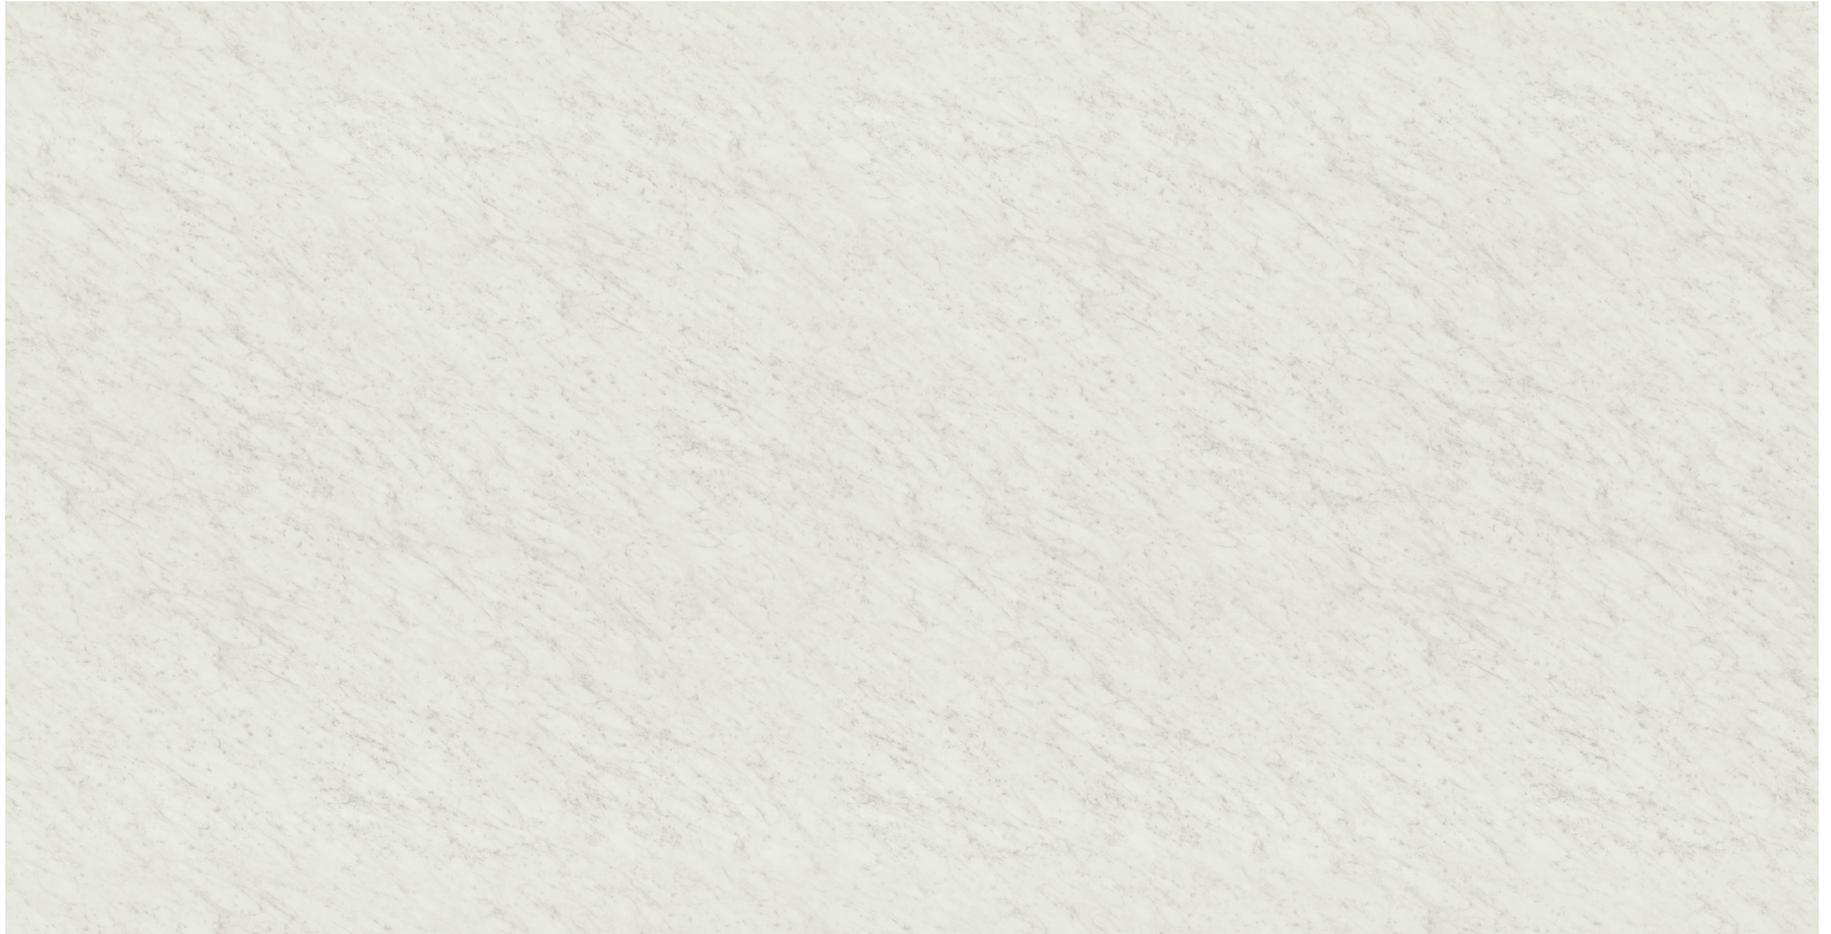

ANTIMICROBIAL PROTECTION

Built-in protection from the hidden microscopic dangers all around us. With silver ion technology locked in, our surfaces help inhibit the growth of stain and odor-causing bacteria, mold, and mildew.

MARMO BIANCO 1885K-07

Inspired by nature. Crafted with precision.

Our Marble Collection matches a nature-inspired look and texture with the durability and life resistance of a Wilsonart® Home surface. All crafted in a sustainable, simple, and consistent fashion.

BLACK ALICANTE 4926K-07

Enduring style. Versatile opulence.

Eye-catching and opulent, our classic marbles capture the veining structure and shade variations that make these designs so enduringly desirable. These versatile looks provide a beautiful, durable finish to a variety of spaces.

CLASSIC MARBLES

Classic Marbles are marbles that are reminiscent of European heritage. They are familiar and add style and class to a space, offering either subtle or higher contrast solutions.

Elegantly durable. Prepared for anything.

HPL combines beauty and performance to create a surface that withstands everyday cooking, spilling, eating, working, and playing. Our Marble Collection offers this durability in a wide variety of tones and textures, all of which can match your home's aesthetic and transform kitchen countertops, island countertops, open marble shelving, and vanity tops.

CIPOLLINO GRIGIO 1882K-35

Refined Design. Unparalleled sophistication.

Our elegant marbles are designed for refined style. Large-scale patterns, compelling movement, and a melding of shades and tones brings unparalleled sophistication engineered to last for years to come.

ELEGANT MARBLES

Elegant Marbles are less common and more sophisticated, with a sense of character and style. They also contain more movement and color play with larger-scale features.
