Wilsonart®

FIRE-RATED LAMINATE

Highly Specialized to Take the Heat.

If you're looking for beauty and durability in a fire-retardant surface, you can't do better than Wilsonart®
Fire-Rated Laminate. Scientifically formulated to resist extreme heat, Fire-Rated Laminate comes in a variety
of colors and patterns that look great in any setting. This long-lasting, beautiful laminate meets or exceeds the
code from a variety of laboratories across the country and comes in the size and finish to fit your needs.

Key Features

• Fire-retardant treated kraft phenolic core
• 3 laminate types — General Purpose Types 605, 607 and Vertical Type 604
• 2 backer thicknesses — Types 264 and 266
• 2 size options — 4' x 8' and 4' x 10'
• Offered in three finishes: #60 Matte, #07 Textured Gloss and #01 Gloss
• Available in most Wilsonart® Laminate standard designs. See availability at Wilsonart.com.
